We invite you to discover Whittier Wood Furniture. We are a family owned business that has been manufacturing quality real wood furniture for more than forty years. Our connection to wood goes back much further. For nearly 150 years, our family has worked with wood. During that time, our business has evolved but our commitment to our customers and our dedication to create quality furniture has not changed. We encourage you to browse our catalog and imagine how our furniture will look in your home.

WHO WE ARE

The Whittier family has been manufacturing quality real wood furniture for four generations. Our furniture is a testament to the values that have guided the Whittier family and our business for decades. Those values reflect in everything we do. We pride ourselves on creating attractive pieces of furniture whose functional styling and sturdy construction result in heirloom quality furniture that will serve you and your family for countless years to come.

OUR MISSION

We promise to provide heritage quality furniture while upholding the Whittier family legacy of honesty, integrity, dignity and a passion for wood.

"We are proud to create and offer heritage quality real wood furniture to help transform your house into a home."

Scott Whittier, President/CEO

OUR PEOPLE

Whittier has experienced employees whose product knowledge runs deep. We take pride in building long-term relationships with our customers, representatives and suppliers. Customer service and quality are our top priorities.

OUR DESIGNS

We focus on clean, classic designs that are solidly built for one generation to the next. Quality craftsmanship and precision engineering combine to make a product that is not only beautiful but has an inherent integrity that will be treasured for countless years to come.

OUR PRODUCT

Prized for its fine grain and smooth texture, Alder is a sustainable hardwood that grows abundantly in the Pacific Northwest region of the USA. We also selected North American White Oak, another sustainable hardwood. None of our products contain engineered wood composite materials and all of our hardware is premium grade to ensure years of use and enjoyment.

OUR FACILITIES

Whittier owns and operates two facilities. Our company headquarters, production and distribution center are located in Eugene, Oregon. Here, we operate in 200,000 square feet and have seven loading docks. Our second production facility of 172,000 square feet is located in Vietnam. It has state-of-the-art machinery, finishing equipment and five loading docks. Every operation is conducted in-house, giving us complete control over all phases of manufacturing and quality.

EARTH SMART

Company-wide we are committed to programs that recycle wood waste, paper, cardboard, glass and oil. We are respectful and devoted stewards of our human and global resources.

CERTIFIED AMERICAN ALDER

Our Alder products are made from Alder certified to the international standard Programme for the Endorsement of Forest Certification (PEFC™). For more information on the PEFC Program, please visit www.pefc.org.

QUALITY FEATURES OF OUR FURNITURE

No matter the collection or category, our Whittier products include the same superior construction features and materials detailed below. Building furniture this way ensures years and years of enjoyment.

FEATURES

1. Certified sustainable solid American Alder tops, drawer sides and frames.
2. 1/4" Plywood drawer bottoms.
3. Mortise and tenon joinery add strength and stability.
4. Fluted dowels add strenth and longevity.

1370GAC Queen Bookcase Storage Bed,
1374GAC2 Bookcase Piers two-pack in Glazed Antique Cherry finish

This bed is the ultimate in functional storage space, beauty and quality. The headboard features large cubbies; one is accessorized with a built-in power strip and USB ports. These cubbies are perfect spots for your small electronics and accessories. As an added bonus, the hinged door opens to reveal a large concealed storage area below the cubbies for extra blankets, pillows, linens or anything else you want tucked away. Six spacious drawers on full extension metal ball bearing drawer slides make this dream bed one you'll enjoy for years. Enhance the Bookcase Storage Bed or the Bookcase Headboard with the lovely coordinating McKenzie Bookcase Piers. Each piece is notch cut left or right to neatly match up with the headboard and also features cord access holes and one adjustable shelf. Piers are not compatible with Twin models. King and Cal-King models feature split headboard design construction.

Prairie City Bedroom ~ Panel Beds
Summer ~ Autumn Finish

Panel Headboard Detail in Autumn finish

Inspiration for the Prairie City Collection originates from the Arts and Crafts style made popular by the creations of Frank Lloyd Wright and Gustav Stickley, to name a few. Honoring the past but celebrating the present, this collection updates this American Craftsman design aesthetic by gently curving each leg, subtle arching base rails and adding darkened square pegs. Also, to further extend the line, two styles: Panel and Mantel beds are available.

Prairie City is handcrafted out of North American White Oak hardwood solids and veneers. Brought to life in our two beautiful finishes, it's the variations of grains and patterns of this gorgeous wood that make each piece unique and tell its own story.

The result is a luxurious heritage bedroom collection that will be treasured for years to come.

About Sound Systems

The designs and features of our units address the three most common sound systems.

Basic System

- Sound comes from internal speakers in the TV.
- DVD player, cable box, etc. are attached directly to the TV.

Sound Bar System

- One component with multiple directional speakers.
- A DVD player, cable box, etc. are attached directly to the Sound Bar, then to the TV.
- A subwoofer is typically a part of the system, but not stored in the furniture.

Surround Sound/Home Theater System

- A multiple component system, generally consisting of five speakers and one subwoofer.
- Center Channel speaker sits directly below and centered in front of the TV.
- Four speakers are strategically placed around the room.
- An amplifier powers the speakers for enhanced sound.
- A subwoofer is typically a part of the system, but not stored in the furniture.
