Addison Lift-Top Coffee Table

Duet finish

Assembly Instructions

Thank you for allowing us to help you furnish your home. We are certain you will be delighted with your new furniture for many years to come.

IMPORTANT NOTES:

- Wood can be susceptible to changing color over time when exposed to strong sunlight. Use window shades, drapes or blinds to protect your furniture. To help the surface age evenly and avoid dark and light spots, periodically move items to expose the entire surface to an even amount of light so it may develop a uniform patina.
- For normal household use only. *Not* recommended for commercial use.
- Do not climb, sit or stand on this piece of furniture.
- Unload items before you move this unit.
- Do not overload the drawers.
- This assembly requires two people.

WARNING

Drilling, sawing, sanding or machining wood products can expose you to wood dust, a substance known to the state of California to cause cancer. Avoid inhaling wood dust or use a dust mask or other safeguards for personal protection.

Assembly Instructions

Tool Required: Phillips Screwdriver

1. Remove screws from the plywood supports and side aprons. Recycle or discard. See Figure 1.

Fig. 1

2. Firmly hold the lift top closed and turn the table upright. Place the unit at its final destination. Rotate the Small Adjustable Glides (T) on the bottoms of the legs until the unit is level. See Figure 2.

Fig. 2
